

Greater Orange County Chapter of Parents Of Murdered Children

FOR THE FAMILIES & FAMILIES OF THOSE WHO HAVE DIED BY VIOLENCE

As we enter the new year, we carry the same desires with us the desire for accountability, the desire to witness who they would have become most importantly the desire for our loved one to be here. A new year does not erase these longings, and there is nothing wrong with entering it while still holding them close.

Alongside these desires, let us also invite peace. Peace comes from understanding that some things are beyond our control, and that it is okay to rest in that truth while continuing to love, remember, and hope.

Remember attending events in the area is a powerful way to build bonds.

We express our grateful hearts for the many blessings we received—each one meaningful, no matter how big or small.

With love and remembrance, we honor **Charline & Kim**, in loving memory of **Savannah**, and **Regina Hardin**, in loving memory of **Bryan**. Your generosity and hearts of remembrance helped make this evening truly special.

Thank you to everyone who brought a raffle item or prepared a favorite dish in honor of their loved ones. Your contributions added warmth, meaning, and connection to the celebration.

A special thank-you to the **LA Chapter** for their generous donation of toys. Each child was able to select five free toys just for themselves—and the smiles on their faces said it all. Now *that* is Christmas. 🌲

We were also blessed with a special visit from Santa, bringing joy and laughter to the evening.

Thank you to everyone who attended and helped make this gathering a time to come together, remember, and celebrate the lives and love of those who will always hold a place in our hearts.

Case Solving Possibility-

Parents Of Murdered Children was asked to send this out to our members but does not assume any responsibility or liability. See below:

My best friend was murdered when I was 6. It is the unsolved Robison murders. I have a passion for solving cold cases, and have teamed up with a top genetic genealogist:

Colleen Fitzpatrick. We are looking for unsolved cold cases that have DNA evidence.

Two new techniques allow us to revisit unsolved crimes: hairs without roots and minimal amounts of DNA using the M-Vac device. Do you have any families we can work with to help solve their murders?

Claudia Freedman If any family falls into this category let me know

bwarnock@pomc.org .

Scholarship

From one of our survivors:

My dad, Dr. James H. Lewis, was a well -known African American doctor/surgeon in Harrisburg, Illinois, who attended college in Wheaton Illinois. The school, founded by abolitionists, was very supportive of him in the early 1900s. The school is offering a scholarship for a four- year free ride scholarship for the economically disadvantaged who are concerned about underserved communities and who hold Christian belief to serve. Could you please let members know about this scholarship as I am sure there are those who have members who might be interested in this. My dad started a scholarship there with Wheaton adding \$5,000,000. You can read about my dad by google . An historical marker was placed in front of the hospital he built. Incidentally he was a victim of a robbery eons ago. Sincerely, Jeanne Mays, mother of Ruby Y. Mays, murder victim.

If you are interested please email bwarnock@pomc.org and your email will be forwarded to her email.
